Little League Champs

Mattapoisett Royals Retain Title

Behind the strong pitching of Tommy Cole and Danny Andrews, the Mattapoisett Royals, led by manager Jim Lauzon, retained their title as Little League Champs (ages 9-10). Their opponents were the Marion Tigers, the regular season leaders. Strong pitching performances by Tommy Cole, a no hitter, and Danny Andrews' one-hitter kept the bats of the Marion Tigers silent. The Royals strong defense led by catcher Bobby Cote, second baseman Chris Workman, shortstop Drew Chaplain, and third baseman Colin Calise, performed outstandingly

cants in round one. Following interviews with those candidates, the committee decided to pause to make certain that all parties — including themselves — fully understood the job description. They also hoped to broaden the pool of applicants.

After re-advertising the position, the committee received five new applications. Two of the original group withdrew their names from consideration, and one of the second wave also withdrew. A second round of interviews was then held with the remaining five applicants and after due consideration they unanimously voted to recommend Rebecca H. McCullough for the position of Temporary Town Clerk. Ms. McCullough is a lifetime summer resident of Mattapoissett and is in the process of becoming a year-round resident of the town. She currently serves as Administrative Assistant in the Department of Political Science and International Relations at Simmons College and is pursuing a graduate degree in Communications Management. Ms. McCullough also served for six years as a City Councilor in Waltham, where she now resides, and also ran for the mayor in the city in 1999.

"Her references all commend her diligence, creativity, interpersonal skills, and commitment to producing work of excellence," Mr. Blasdale said. "It is our hope that Ms. McCullough, together with the present dedicated and talented staff in the Town Clerk's office, will form a strong team to guide this critical function as ... they work to fashion an appropriate framework to meet

the challenges of the 21st century."

Based upon the Search Committee's unanimous recommendation, the Board of Selectmen unanimously voted to appoint Ms. McCullough as the Temporary Town Clerk through the next annual election in April, 2002. The board members thanked the committee for all their hard work and effort in selecting the Town Clerk replacement.

At 7:15 pm the board met with Water/Sewer Superintendent William T. Nicholson to discuss articles being proposed for an upcoming Special Town Meeting. Mr. Nicholson said that in light of the town's recent approval for zero percent interest funding for sewer projects on Park Street and phase one of the Crescent Beach area, they need to have the "paper work" filed to be able to accept and expend the state funding. "I'm proposing we place three articles on a Special Town Meeting warrant," Mr. Nicholson said. "One article is to revisit the Park Street project (from the Annual Town Meeting) ... there some verbiage which needs to be clarified."

Mr. Nicholson said the projects will encompass the Park Street area and the so-called "Crescent Beach" phase one will include homes along Prospect Road, Crescent Beach to Creek Street, and the majority of Pico Beach. Phase two, for which they are now seeking approval for funding, will cover the remainder of Pico Beach and surrounding homes. Mr. Nicholson noted that these projects will not reflect on the town's general tax rate but will be paid through betterments assessed on the homes

"We sent 439 questionnaires out to residents (in the area) and 77 percent were returned," Mr. Nicholson said. "About 76 percent were in favor of going ahead with the project(s)."

Ms. Adams noted they've set Monday, August 13 as the date for the Special Town Meeting, to be held at Old Hammondtown School due to the ongoing construction at Old Rochester Regional High School.

Under incoming correspondence for the week, the board received:

- An invitation from Robin Babington, Director of Marketing and Development for the YMCA, to attend a celebration commemorating the YMCA's 150 years of community service in America. A celebration will take place at the Mattapoisett YMCA site (Camp Massasoit) on Friday, August 17 at 12:00 noon. The YMCA has served the Greater New Bedford region for the past 134 years.

men is interested in the possibility of pursuing a shared Regional Town Planner position with Mattapoisett. They've forwarded this matter to their Planning Board for input. Also, Ms. Enroth-Whitlock advised that the Massachusetts Division of Standards notified Marion that they must appoint their own Sealer of Weights and Measures, having reached a population in excess of 5,000 residents. Marion is also interested in sharing Mattapoisett's current Sealer of Weights and Measures to service their five gasoline stations and eight scale locations. Chairman Lambalot asked Ms. Adams to discuss this matter with Mattapoisett Sealer John DeMello and gauge his interest.

- Copy of a letter from Mattapoisett Fire Chief Ronald Scott to the Marion Fire Department establishing the protocol for fire alarm response during the construction phase at Old Rochester Regional Junior and Senior High Schools.

- Copy of a letter from the Planning Board to Town Clerk Lois Ennis regarding River Bend Lane. The Planning Board stressed they will not recommend acceptance of this street until the applicant submits as-built plans certified by the engineer; an emergency access to Tinkham Lane; and an eight-inch water main extension and hydrant within the common driveway. Ms. Ennis also forwarded a memo to the Planning Board, advising that an article be placed on an upcoming Town Meeting warrant once these requirements are met. Chairman Lambalot added: "I'd rather not put it on the warrant until everything has been complied with."

At 7:30 pm the board unanimously voted via roll call to go into Executive Session under Exemption 2 of the Open Meeting Law to hear complaints or charges brought against employees of the town. There being no further business to discuss in Open Session, they would thereafter adjourn for the evening.

Marion Selectmen's Meeting

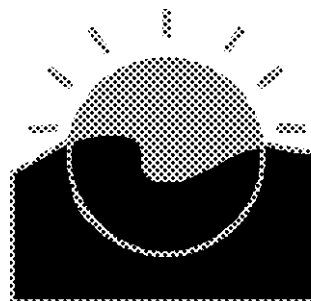

July 24, 2001

By Kenneth J. Souza

A regular meeting of the Marion Board of Selectmen was called to order on Tuesday, July 24, 2001 at 7:00 pm by Chairman Jonathan "Jody" Dickerson. Also present were Selectman Al Winters, Selectman Benjamin Bryant, Town Administrator Julia Enroth-Whitlock, and Secretary Helene Craver.

After signing the treasury and payroll warrants for the week and unanimously approving the minutes of the July 10 meeting and the Executive Session minutes of March 27, May 8 and June 19, the board reviewed the following incoming correspondence for the week:

- Letters of appreciation from Virginia Stearns thanking Harbormaster Charles Bradley for his recent assistance with her boat; and from Victor Bender commending the Marion Building Department for their prompt action in providing requested records.
- Letter from Town Counsel Thomas P. Crotty to Town Clerk Debra Blanchette advising that the Town Meeting-approved Public Way Access Permit By-Law has been submitted to the Massachusetts Attorney General's Office for approval; and that the town has not taken any vote to amend or rescind the Public Way Access Permit By-Law as adopted in March, 1997.
- Letter of resignation from Charles Gricus who is stepping down from the Affordable Housing Committee

due to other pressing commitments. The board unanimously voted to accept Mr. Gricus' resignation with regret and agreed to send him a letter of appreciation.

- Memo from Police Chief Lincoln Miller advising that he has two 1997 Ford Crown Victoria police cruisers — one with 76,676 miles, the other with 90,149 miles — which are of no further use to the department and he'd like to declare them as surplus property. The board felt these vehicles could be of use to the Town Administrator for "out of town" business as needed. Currently, the town has such vehicles available for town business, and these cruisers might replace those.

- Memo from Fire Chief C. Robert Davis regarding a recent letter from Mattapoisett Fire Chief Ronald

Scott regarding the establishment of a protocol for fire alarm calls during the construction work at Old Rochester Regional Junior and Senior High Schools. Chief Scott suggested that the Mattapoisett Fire Department handle all fire alarm calls and Marion be called out on a second alarm, as needed. But Chief Davis met with Chief Scott and expressed "concern that this policy does not protect the best interest of the schools."

"Personally, I think as long as there is one Marion student (at ORR), the Marion Fire Department will (respond)," agreed Chairman Dickerson.

• Letter from resident Carol Sanz, expressing her disappointment with the board's decision to deny a mooring appeal made by Eric Woods on July 10. "This is the first year of a brand new policy (and) I expected the board to be more reasonable and a little 'forgiving' for those who showed a clear and honest intent to pay," she wrote.

• Likewise, the Marion Marine Resources Commission (MRC) sent a memo advising that at a special meeting they unanimously voted to request the Board of Selectmen to reverse their mooring appeal denial for Mr. Woods. "While the rules were made to get tough with mooring fee deadbeats, this one is clearly a case of a well-intentioned Marion sailor who took every reasonable precaution to insure timely payment of his fees, even to the extent of trying to pay last fall before leaving on a sailing trip," the letter stated. "The MRC asks that the Marion Selectmen review their decision and reverse it."

At 7:15 pm the board opened a hearing upon a request from Verizon to install underground utility cables along South and Main Streets in Marion Village. An abutting resident expressed concern that removing the telephone pole at the corner of Main and South Streets would also eliminate a needed street light. Selectman Winters suggested that a condition of the permit approval could be added to require another form of street light — perhaps an antique-style street lamp — be installed in its place.

"We'll work with N-Star to make sure some sort of light remains," Chairman Dickerson said. With that, the board unanimously voted to approve the underground installation request.

At 7:25 pm the board met with Lee Hayes to discuss future plans for the sewer extension project in the so-called "Berry Patch" neighborhoods which will provide service to homes along the Dexter Beach and Delano Road area. To date, they've been working on engineering plans to the tune of about \$21,000 and now they need to determine how the project will be funded so they can move forward.

"We've told residents it would be paid through betterments ... at least 20 years," Mr. Hayes said. "But do we want to give people waivers in certain circumstances? If someone just put in a new Title V septic system, can they get a break? Our goal now is to get the system designed and ready for the fall Special Town Meeting with a betterment amount attached to it. Then, we hope to

begin construction in 2002. Hopefully, this will give people time to decide how they want to go before the (Town Meeting)."

"We also need to decide if there is someone with a new Title V system," Selectman Winters added, "will they be forced to tie in ... or can they tie in at a later date?"

At 7:30 pm the board held a joint meeting with the newly-formed Personnel Committee to begin the process of establishing and fine-tuning the town's Personnel Policy. Ms. Enroth-Whitlock prepared a list of twelve Personnel Policy "Needs and Issues" which the two boards should use as a guide in reviewing the town's personnel goals.

Among the key goals: conduct a "Human Resources Audit" to see what other cities and towns in Massachusetts are doing; establish a "Personnel Policy Manual" for the town; prepare standardized written job descriptions which are compliant with the Americans with Disabilities Act (ADA); compile a list of non-contract employee benefits; set goals and objectives for department managers; make sure the town's personnel policy

complies with state and federal laws; prepare a new employee orientation package; make hiring/procedure forms such as job applications, letters of rejection and offer, and reference checks; maintain and retain employee personnel records; establish a classification and compensation plan for non-union employees; collect comparative wage data; and establish a policy for pre-employment physicals.

"It's going to be some time before we get all this done, but it will be worth the effort to have a (solid) policy in place," Selectman Winters said.

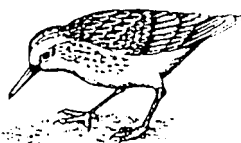

The joint boards agreed to prepare a list of ideas and suggestions on Personnel Policy and to meet again within the month.

With several residents and members of the Marine Resources Commission (MRC) present to encourage the board to revisit their denial of a mooring appeal on behalf of Eric Woods, Selectman Bryant moved to reconsider their decision rendered on this matter on July 10.

"I'm reluctant to go back and do anything different," Selectman Winters said. "Making tough decisions is part of the reason for this board's being. If we make decisions and then go back and reconsider them, I think it (weakens) the decision-making process in the first place. The essential facts in the case are the same ... and certainly I wouldn't feel forced to reconsider a vote based on the possible threat of a lawsuit. At this time, I'm not willing to change my mind from our original decision ...

two weeks ago."

Hearing no second to Selectman Bryant's motion, Chairman Dickerson proclaimed the motion to reconsider dead, and would not elaborate when those present at the meeting pressed the issue. "At this time, I don't feel comfortable discussing this issue further based on possible pending litigation," he said.

Selectman Bryant expressed disappointment and felt his motion to reconsider was "an appropriate process."

"I think there were arguments put forth two weeks ago which need to be reconsidered," Selectman Bryant said. "I've reviewed the past practices of the board ... but since the motion failed, I won't make any further comment."

At 8:20 pm the board unanimously voted to go into Executive Session to discuss strategy with regard to collective bargaining and imminently-threatened litigation. There being no further matters to discuss in Open Session, they would thereafter adjourn for the evening.

• Cat Boat Regatta

The New England Beetle Cat Boat Association's (NEBCBA) Annual Regatta will hold its 80th Annual Regatta, the **Leo J. Telesmanick Championship**, on **August 11 and 12** at the **Mattapoisett Yacht Club**. This race for small boats has been held for 80 years in the waters adjacent to Cape Cod and Buzzards Bay

The Beetle Cat is a small wooden, gaff-rigged boat with a centerboard and one sail. It was originally designed and built by the Beetle Family of Clark's Point, New Bedford. After World War II, the Concordia Company purchased the Beetle rights and now the boats are built at Beetle, Inc. in South Dartmouth.

The championship is named after Leo J. Telesmanick, who throughout the years has been closely associated with the Beetle Cat. He was a master boat builder and foreman of production of these boats under the Beetle Family, and then went to Concordia as the head of the Beetle Cat Division. He was widely known for his expertise and knowledge of sailing.

"The Leo," as it is fondly called, will have the following classes: **Juniors** (under 19 in 2001); **Women's**, **Men's** and **Old Salts** (50 and over); and **Ancient Mariners** (60 and over). Trophies will be awarded to the top three skippers and crews. The **Leo J. Telesmanick Trophy** will be awarded to the overall winner of the two-day event.

For more information on this championship event, please contact **Sue McGowan**, P.O. Box 84, Mattapoisett, MA 02739, or call **508-758-4416**.

"CAVEAT EMPTOR"? - NOT TODAY

If you buy an old overcoat in a used clothing store and the sales slip states "Sold As-Is", you've bought it moth holes and all, right? Well, maybe. This legal principal of "caveat emptor" (let the buyer beware) is dead or dying. We are living in an age of consumerism and it's hard to find a court that won't favor the buyer in a dispute. In fact, consumer groups and many government agencies are taking the posture that the seller must disclose everything.

If you have a problem in your home, don't mask it. A

common example is the homeowner who spraypaints a ceiling to cover water stains caused by a leaking roof. If you have a problem that you don't intend to correct, be candid about it. Sure, some people will be turned off by it, but the serious buyer will be understanding about a problem openly displayed. Usually, they will discount the price by far less than the cost of the repair... and a whole lot less than a day in court would cost.

CANINE ALLERGIES

My dog spends lots of time chewing and licking at his feet. What does this mean?

Your dog is showing signs of allergies. People with allergies tend to cough and sneeze. Dogs tend to chew, lick and rub.

What can my dog be allergic to and what should I do?

Your dog can be allergic to food, fleas, articles that he contacts such as wool rugs and all of the pollens, molds and dusts that affect people. Try to keep a diary of your dogs itchiness to determine if it occurs all year round or if it is seasonal. Food allergies tend to be constant throughout the year while allergies to pollens tend to be seasonal. Talk to your veterinarian about diet changes, medications and allergy testing to determine what may be most helpful for your pet.

Now in its 29th year, the **Buzzards Bay Regatta** has become one of the most impressive sailing events in New England. Created in 1972 to band local fleets together for competition, the BBR now attracts boats as far away as the mid Atlantic and Canada. The addition of good food, the idyllic setting of the New Bedford Yacht Club, and nightly entertainment, makes for a great combination of competition and fun.

The 2001 Buzzards Bay Regatta will be held on **August 3, 4 and 5**, and is being hosted this year by the **New Bedford Yacht Club in South Dartmouth**. Additional sponsoring clubs are the **Beverly Yacht Club** in Marion, the **Mattapoisett Yacht Club** and the **Low Tide Yacht Club** of New Bedford.

Letters to the Editor

To the Editor:

I read with interest the (report) of the July 16, 2001 Board of Selectmen's meeting – Town of Mattapoisett. In it, Chairman (Paul) Lambalot stated that he had served 35 years on the board. This is far more than I thought.

The purpose of this letter is to speak about the conflict of interest issue with regard to The Regatta proposal. Chairman Lambalot is right in abstaining from voting on this issue, but surely, Mr. Lambalot, you cannot be that naïve to think the residents of Mattapoisett feel your influence ends at the board meetings. Certainly, in 35 years a person has to have garnered a very strong support system.

It is time for the residents of Mattapoisett to get real. It is time for them to look at their town government with a critical eye. Michael Couture's letters are right on target. Good work, Michael.

It is issues like Eel Pond and The Regatta that lend credence to the proposal set forth by the Open Space Committee — that is, to have five members from the committee remain active so as to update the plan and to keep the town people informed. This suggestion was voted down by the Planning Board.

Sincerely,
Frances Cairns
Mattapoisett

To the Editor:

[Editor's Note: The following letter is addressed to Mattapoisett Selectman Paul Lambalot in response to his statement at last week's Selectmen's Meeting about his employment status with Suffolk Construction Company.]

What an unfortunate way reach the sunset of your career by jeopardizing your integrity after 35 years of service to (Mattapoisett) as Selectman. Had you wished your integrity to remain intact, you would have resigned as either Selectman or from the Suffolk Construction Company where you have been employed for 11 years prior to The Regatta Complex plans being presented this spring. Do you actually think, or perhaps not care, that residents believe you could be totally impartial from

influencing the fruition of this proposed project or possibly benefiting from it as an employee of Suffolk Construction? (Even some members of the U.S. Supreme Court are unable to be impartial to their personal beliefs.)

You have served the needs/interests of this town as everyone expects public officials to do in more than conscientious performance of their duties. Namely, in the performance of those duties in a manner that does not cast doubt on the public's trust in you. Having held a trusted position in any community does not exonerate one from the mere possibility of influencing a project from unknown gain. If at election time more of the residents of Mattapoisett are aware of the conflict of interest inherent in your position than were aware of your being a Suffolk Construction Company employee, then election results will indeed be illuminating.

Project GROW Applications

Parents of preschoolers who are interested in applying for an opening in Project GROW, Old Rochester's integrated preschool program, should keep an eye on the mail over the next week. Applications for Project GROW will be mailed to all children residing in Marion, Mattapoisett, and Rochester who will turn three years old by September 1, 2001. Children who are age-eligible for Kindergarten are not eligible to apply to Project GROW.

Beginning its fifteenth year of operation, the program is accredited by the National Association for the Education of Young Children. It serves children with and without special needs in three classrooms, one to serve the children in each of the three district towns. This year, the Center School class, serving children from Mattapoisett, will be housed at the Sippican School due to the Center School construction project. Marion and Rochester children will attend class in their local elementary school. Classes meet Tuesday through Friday, four hours each day and follow the preschool calendar. The program is free-of-charge. Parents are responsible for providing transportation. As a family-centered program, parents are expected to play an active role in their child's educational experience. A wide variety of opportunities for involvement are made available. The child's teacher visits all families approximately every eight weeks to address an educational issue identified by the family.

The program seeks to serve children who have not had any previous preschool experience. Priority for enrollment is given to families whose income falls below 50 percent of state median income and any child considered at risk due to a challenging family situation. All age-eligible children are encouraged to apply.

Applications will go in the mail on July 29. Additional applications will be available at the Superintendent's Office for those who did not receive one

he never had the slightest thought of becoming a singer until the day B. B. King invited him to come up on stage and sing with the band after they heard him sing a few lines. The rest, as they say, is history. Recipient of the Lifetime Achievement Award in 2000, and First Runner-Up for the Best Local R&B Soul Act in the Boston Phoenix 2000, Weepin' Willie has charmed audiences throughout the years with his smooth blues style and engaging stage presence. Come and see "Boston's Elder Statesman of the Blues" yourself!

- The McCarthy Brothers hail from the New Bedford area and although they have been together as a group for about a year, individually they have been playing since the 1960s. A mixture of original, traditional and modern blues, and classic R&B complete their musical signature.

- Lydia Warren — a "blues prodigy" according to *The Boston Globe*, *Boston Magazine*, and many others — is just 17 years old and has entertained thousands of blues lovers with her mature vocals and musical abilities. Featured on the NBC Today Show, Lydia has been hailed as a rising star.

- Fatwall Jack, along with vocalist Erica Rooney, is once again back by popular demand! With a blend of jump, swing, blues, and R&B, their song list consists of the music they love and plenty of band originals.

- Johnny Hoy and the Bluefish make their home on the island of Martha's Vineyard — but vocalist Johnny Hoy has played as far away from home as Soweto, South

entered in the fair.

Last year's Rochester Grange #257 Photo Contest was such a success that the Grange is going to hold a photo contest again this year in conjunction with the fair and with the help of the Plumb Memorial Library. Prizes will be awarded in both children and adult classes. The rules are simple and it is the organization's hope that many will dust off those cameras and enter.

Entry deadline is Thursday, August 9, 2001 (please note: there was an error in the premium book which included last year's rules). All entries may be dropped off at the library during business hours. They will be taking both black and white and color photos. The entries should be mounted and/or matted (please no frames) and should be no smaller than 5" x 7" or larger than 8" x 10". Please include name, address and telephone number on back. In adult classes, the name of the subject should be provided, if possible.

The classes include: Kids Ages 13 and Under – Things in Nature (plants, animals, scenes, etc.); Adults (14 and over) – Rochester's Many Faces. These can be portraits or they can be pictures of people at play, at work, or doing nothing at all.

All photos will become the property of the Rochester Grange. The Plumb Library has asked for and the Grange has agreed to donate the pictures to the library to be put into their collection. All entries will be displayed at the library the week before as well as after the Grange Fair and at the Fair on August 18. For more information, please call Susan LaFleur at 508-295-8908.

He has taken his bag of tricks to the four corners of the globe, including a performance at the White House in Washington, DC.

The magic show will last approximately 45 minutes and admission is at 10:00 am sharp. The Millicent Library has arranged for the program to be held at the Unitarian Church on Green Street to accommodate a larger audience. Seating is still limited, but admission is free to the public.

For eight generations, the Winn family has been performing in many countries around the world. When other children were learning to walk, they were learning to perform. They have entertained audiences at Disney-Epcot, The Greatest Show on Earth, Knott's Berry Farm, and at circuses and fairs throughout North America, Mexico, Canada, Japan and Australia.

MOVIE REVIEW

Dino-Might

By Rob Gonsalves
<http://robsreviews.cjb.net>

Jurassic Park III. Starring Sam Neill, William H. Macy, and Téa Leoni. Directed by Joe Johnston. Running time: 90 minutes. MPAA rating: PG-13. At Cinema 12 at the North Dartmouth Mall and Flagship Cinemas in New Bedford.

It may seem odd to criticize a summer movie for delivering the goods, but *Jurassic Park III* delivers the goods to the exclusion of anything else. The movie is the utmost in studio wish-fulfillment: You want raptors, we got 'em; you want dinosaurs you haven't seen before, we got a huge Spinosaurus and flocks of pteranodons; you want chase scenes, you want action, we got plenty of that. So why couldn't I quite warm to this stripped-down dino-fest? Maybe because it feels totally animated by what Universal thinks — or hopes — we want; it feels like one of those old one-off Marvel comic books with plot points suggested by readers.

The original *Jurassic Park* (1993) and its follow-up *The Lost World* (1997), both directed by Steven Spielberg, had their moments of bloat and absurdity, but that only made the dinosaur attacks seem more vivid. (In *Jaws* and *Close Encounters*, Spielberg was able to surround the money scenes with dialogue and character scenes of actual interest, but that was back in the '70s, when such things were allowed in big movies.) This time, Spielberg steps aside and lets Joe Johnston (*Jumanji*, *October Sky*) take the wheel; Johnston seems determined to eliminate anything that critics jeered at Spielberg for doing, but he lacks Spielberg's malicious taste for suspense.

There's nothing here like the ominous *whoooooom ... whoooooom* ("That's an impact tremor," Jeff Goldblum stammered) that announced the T. Rex in the first film, or the witty *clack-clack* of the raptors' claws tapping patiently on the kitchen floor. Johnston's dinos just pop up and chase whatever's around. More than before, they come across as merely big monsters who occupy the center of action scenes. *Jurassic Park III* is spectacular but not scary or thrilling — Johnston has graciously, if probably unintentionally, given Sony a good PlayStation template for a game.

Once again, a child is in danger; this time it's young Eric (Trevor Morgan), who's marooned on Isla Sorna, the "second island" of genetic-dino breeding seen in *The Lost World*. Eric's divorced parents (William H. Macy and Téa Leoni) unite to go save him; they lure the original movie's hero, Dr. Alan Grant (Sam Neill), to help them by waving a fraudulent promise of big money in his face. If Macy and Leoni were presented as obsessive, narcissistic

parents driven to find their son no matter who else gets killed, the movie might've had some bite, but they're painted as everyday boring people for the audience to relate to, and William H. Macy, aside from a couple of funny lines, hands in his least inspired performance ever.

Ironically, Laura Dern probably comes off best here — maybe because she's worked with Johnston before (in *October Sky*), maybe because she's only in it for about five minutes and feels relieved not to have to run screaming from thin air. Playing a happily-married-with-two-kids Ellie Sadler (not married to Alan Grant, we note with some surprise; the movie never tells us what happened), Dern seems loose and relaxed — qualities not shared by those on Isla Sorna, for obvious reasons. Sam Neill does some of the same oh-God-not-this-again shtick Jeff Goldblum did in *Lost World*, but whereas Goldblum made it work for his character, Neill — the actor, not the character — looks resentful at having to revisit this digital playpen.

So how are the dinosaurs? As sculpted by Stan Winston and animated, in part, by ILM's computer wonks, they're looking smooth; the dinosaurs in the first *Jurassic Park* that blew us all away in 1993 already look a little, well, 1993 in comparison with the 2001 models. (Students of such things may be able to trace the development of computer animation through the *Jurassic Park* movies.) But the dinosaur scenes also go by too fast; it's not only that Johnston isn't the mechanical wizard Spielberg is — he also doesn't have Spielberg's team of editor, composer, and cinematographer. Much of *Jurassic Park III* looks alternately washed-out and too dark — it looks crappy, to be blunt. And the film zips by too fast for any one sequence to gather weight or momentum. When the mighty T. Rex and the even mightier Spinosaurus duke it out, it should be a true clash of the titans, a climactic collision of apocalyptic force, but it arrives too soon and is staged at such a hectic pace that it's over before you know it. That goes for the rest of the movie too, really.

ARIES (March 21 to April 19) Don't assume that what you're being told is accurate. You need proof that things are working before you can move forward. A private situation also needs closer attention.

TAURUS (April 20 to May 20) That troubling incident in the workplace begins to sort itself out as more facts emerge. You might be eager to resolve the issue, but it's best to wait until the time is right to take action.

GEMINI (May 21 to June 20) There's some distance developing between you and that special person. But that can be for the best. Sometimes you need to step back to get a better perspective of where you are.

CANCER (June 21 to July 22) When things don't work out as planned, don't beat yourself up about it. Take responsibility where it applies, and make the necessary apologies and adjustments. Then, move on.

LEO (July 23 to August 22) Go ahead and let that triumphant roar just pour out. You made the right choice, and you're to be congratulated. You now have to reassess and redirect your former plans and goals.

VIRGO (August 23 to September 22) Deal with that problem in the workplace rather than risk having it spill over into your personal life. The sooner you confront the issue, the sooner it can be resolved.

LIBRA (September 23 to October 22) You might still find it difficult to stay with your goals. But giving up would be a mistake. Your determination wins the admiration of a potentially important supporter.

SCORPIO (October 23 to November 21) Your strong Scorpion instincts are put to good use as you sift through information that might be only partially reliable. You'll recognize the truth when you see it.

SAGITTARIUS (November 22 to December 21) Some facts emerge that will help you deal with what you thought was an act of betrayal. Use what you've learned to get the full story from another source.

CAPRICORN (December 22 to January 19) Opening up to new possibilities helps you come to terms with some unexpected changes. Remember: Others will look to you for guidance. Give them your best.

AQUARIUS (January 20 to February 18) You are tireless in your support of good causes. But don't forget that you, too, are worthy of care and attention. Get out and enjoy some long-overdue fun time.

PISCES (February 19 to March 20) This is a good time to pick up on that artistic project you've been putting off. Apply yourself to it with new fervor, and you'll find some happy surprises coming through.

BORN THIS WEEK: Being the center of attention comes naturally to you. People look to you for leadership, and you don't let them down. You would make a fine politician.

Friday, July 27 with a reception to meet the artist from 6:00 to 8:00 pm. Peter Stone, a resident of Marion, received a Bachelor of Arts degree in 1978 from the Claremont Colleges. Since 1983 he has presented 29 solo shows at galleries and museums in the United States, and his work has been represented in numerous group exhibitions, including Art Expo New York, and the Royal Academy of Art in London. His professional affiliations include the American Society of Composers, Authors and Publishers, and the Copley Society of Boston.

For many years Peter Stone has found inspiration from the hidden bogs and swamplands of southern New England to more remote landscapes. He has painted in Australia and Indonesia, the rugged coasts of Labrador and Baffin Island, the Antarctic, the mythic tableaux of North Wales and Nepal's Himalayas. While developing a unique style of Tonal-Realism, this accomplished artist and author has developed his own methods for painting *en plein air*. Mr. Stone's painterly tonalism incorporates the aesthetic of *plein airisme* with the sophisticated technique of glazing each work.

An author as well as artist, Mr. Stone's new illustrated work, *The Innocence of Oaks*, will be released in the autumn (Cadmus Editions, 2001), part of a large quartet of illustrated prose poetry, the second book of the quartet is due to be published next year. In 1999, Peter Stone presented a solo exhibition at the New Bedford Whaling Museum. This is part of a current literary project titled *The Possibilities of Light in a Cold Place*.

These luminous paintings of New England and England have been described as "dreamy and evocative" and *Publisher's Weekly* has called Mr. Stone's work "sumptuous, beyond the tactile into a nearly mystical realm." The public is invited to find their own adjectives when visiting the galleries at the Marion Art Center. The show runs through August 22. Gallery hours are Tuesday through Friday, 1:00 to 5:00 pm, and Saturday 10:00 am to 2:00 pm. Admission is free.

CROSSWORD SOLUTION

Storyteller in Mattapoissett

Well-known storyteller Len Cabral will be at the Mattapoissett Congregational Church on Friday, August 3 at 7:00 pm to celebrate the Mattapoissett Free Public Library's summer reading program, "Reading is Out of This World!" Len tells stories that stimulate the imagination, enhance listening skills, and educate the whole person. Through his retelling of folk tales and legends from around the world and his personal stories, Len engages listeners from preschool through college, as well as adult audiences. As a performer, he uses poetry, song, movement and humor to bring out the child in us all and creates a setting for the imagination to soar.

This program is sponsored in part by a grant from the Mattapoissett Cultural Council, a local agency which is supported by the Massachusetts Cultural Council, a state agency, and the Friends of the Mattapoissett Library. All library events are free and open to the public.

Mattapoissett Historical Museum

Museum Open

The fine local historical museum is now open and features a special exhibit on the history of Mattapoissett schools. In addition to the special summer exhibit, the museum offers a new look at the maritime history of the Town of Mattapoissett.
